The Ruth Bancroft Garden and Heather Farms Gardens Trip Report

January 15th turned out to be a great weather day for a garden tour. The partly cloudy skies balanced the crisp temperature and we had a great time.

The Ruth Bancroft Garden has finished several upgrades and restored plant beds. The new entrance with the decorative planter wall includes the tile for the donation from the Livermore Amador Garden Club and we found it!

The garden has lots of plants in bloom even in January but the next few months look to be spectacular. Our tour guide was knowledgeable and great fun.

So if you get a chance it is a wonderful specimen garden close at hand.

Our next stop was the Heather Farm Garden where we picnicked for lunch and enjoyed a stroll. Though primarily a spring/summer garden, the Flowering Maples and several bulbs were up and blooming. The garden is adorned with sculptures and a good time was had by all.
